INSPIRATION

Being Italian means a lot more than simply belonging to a nation. It is a way of thinking, living, eating, creating, drinking: it is about living well and celebrating all aspects of life, appreciating the beauty of things that surround us. And that is what Doppio Passo is all about: the simple pleasures of life that tastes even better when enjoyed together.

VINIFICATION

Our innovative approach to dealcoholisation is based on the use of rotating cone columns, which allow the alcohol to be removed from the wine while preserving its aromatic compounds and organoleptic characteristics. The dealcoholised wine obtained in this way is then blended with traditional alcohol content wine, allowing a final alcohol content of 6% to be achieved, guaranteeing taste, balance and quality.
